

# INNOVATION AWARDS

*Celebrating Excellence in Manufactured Home Building within BC*

### **in.no.va.tion - a new method, idea, product**

The MHABC Innovation Awards celebrate excellence in manufactured home building within British Columbia showcasing industry leaders in innovative and sustainable design and construction.

Awards will highlight those within our industry who are dedicated to utilizing strategic design to blend a home within its surrounding and the incorporation of new products that will benefit the sustainability and slow aging of the home, along with complement the lifestyle of those who reside within.

#### **Award Categories**

- Manufactured (Z240MH) Innovation
- Modular (A277) Innovation
- Park Model (Z241) Innovation

#### **Judging**

Entries will be judged by a panel of judges, selected for their expertise and industry knowledge. All judges will be from outside of British Columbia. Judges decisions will be final and binding.

Entries will be judged strictly on the basis of the entry requirements. Points will be awarded out of a score of 10 on each listed criteria required to be submitted under each award category. No site visits will be made.

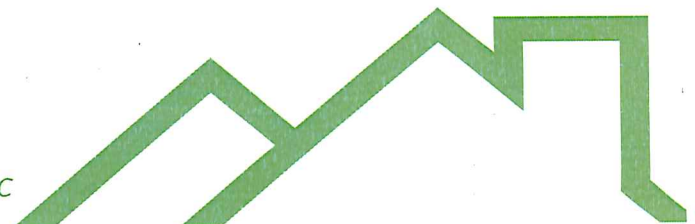

Only those on the judging panel will be granted access to view submitted entries. Results of the judging process are entirely confidential.

The Manufactured Housing Association of British Columbia reserves the right to:

- Disqualify entries - based on incompleteness in required submitted criteria or disregard for following criteria requirements (example: leaving company logo on photos or floor plan submissions)
- Not award a particular category if submitted entries do not meet the criteria required to warrant a recognition of innovative or sustainable excellence

#### **Award Notification**

Award winners and runner's up will be notified via email.  
Winner details will be placed online at MHABC.com
